Groundbreaking Held for New Emergency Department at McLeod Regional Medical Center

From left to right: Dale Locklair, Leander Crawford, Dr. Thomas Lewis, Dr. Jeremy Robertson, Marie Saleeby and Rob Colones break ground for the new Emergency Department at McLeod Regional Medical Center.

Staff and leadership with the McLeod Emergency Department gather for a picture after the groundbreaking ceremony at McLeod Regional Medical Center.

McLeod Health held a groundbreaking ceremony for the new Emergency Department at McLeod Regional Medical Center on Tuesday, May 1, 2018. Designed to meet growing emergency medical needs of the region, the enhanced and expanded Emergency Department will relocate from the west entrance of the campus on Ravenel Street to the east side of the campus between the Pavilion Tower and McLeod Medical Park East.

The Emergency Department at McLeod Regional Medical Center has experienced rapid growth in the number of patients cared for annually. The current location does not allow for expansion to accommodate this volume of patients, and the expansion will support improvements in flow and efficiency.

“At McLeod, we continue to fulfill our mission by providing the highest level of emergency and trauma services to those living from the midlands to the coast. As the regional Level II Trauma Center, we care for our neighbors and friends as well as those travelers who pass through our area and experience a traumatic event,” according to Marie Saleeby, Senior Vice President and Administrator of McLeod Regional Medical Center.

A new Emergency Department will provide an increase in capacity, allow for improvement in the flow of patient care and efficiency, as well as support easier access for patients and families.

In his remarks, Dr. Jeremy Robertson, Medical Director of the Emergency Department, said, “The McLeod Emergency Department currently has 40 acute treatment rooms which accommodates 50,000 patients a year. However, we care for in excess of 77,000 patients a year in the Emergency Department, and this number continues to grow.”

The new Emergency Department will include 73 rooms designed to serve 109,500 patients a year.

“The relocation, adjacent to the Pavilion Tower, aligns the patients with nearby operating suites and surgeons, diagnostics and imaging services. We consider this a unique opportunity for our staff and physicians to be involved in the development of such a great medical asset to our community,” stated McLeod Emergency Physician Dr. Thomas Lewis.

MRMC Emergency Department Construction Update

In the months ahead, the Emergency Department at McLeod Regional Medical Center will relocate from the West entrance on Ravenel Street to the East side of the campus between the Pavilion Tower and McLeod Medical Park East.

While all efforts are underway to limit disruptions on the campus, please note the following information:

The enclosed breezeways connecting the second and third floors of the McLeod Pavilion and McLeod Medical Park East are closed to through-traffic.

Griffin Street will close as construction of the new McLeod Regional Medical Center Emergency Department begins. Griffin Street extends between the McLeod Pavilion and McLeod Medical Park East. Entering the McLeod Campus from East Palmetto Street and Griffin Street will require drivers to turn right at the intersection of Griffin and Cheves, then left on Johns Street to reach the north side of the campus.

The entrance to Griffin Street at Cheves Street, the entrance to the Pavilion parking area from Griffin

Street and the entrance to the East Parking Deck from Griffin Street will temporarily close. This will serve as the preparation area for the construction, and provide safety to staff and visitors. These entrances will reopen next month.

To access the East Parking Deck, patients, visitors and staff will need to enter the deck from Johns Street. The front entrance of the Pavilion Tower on Cheves Street will remain open. Valet parking is available. You may also park in the Central Parking Deck to access the Pavilion and Center for Intensive Care.

Patients traveling from McLeod Medical Park East to the Pavilion Tower may either enter through the Elevator Lobby of the North Parking Deck, or through the East Parking Deck following the yellow designated walkway to the Cheves Street front entrance of the Pavilion.

The metal pedestrian corridor connecting Medical Park East and the McLeod Pavilion Tower is under construction and should open for covered access later this month.

McLeod Nurse Receives April DAISY Nursing Award

Regina Floyd, a Clinical Instructor for Florence-Darlington Technical College, nominated Lee Broughton, RN, for the DAISY Nursing Award.

McLeod Registered Nurse Lee Broughton was named the April DAISY Award Recipient for McLeod Regional Medical Center on April 19, 2018. Broughton, a staff nurse on the Cardiovascular Nursing Unit, was nominated by Regina Floyd, RN, a Clinical Instructor for Florence-Darlington Technical College, for the extraordinary compassion and care she demonstrates towards Floyd's students.

To recognize those Nurses at McLeod Regional Medical Center who are true examples of Nursing Excellence, patients, family members and co-workers may nominate nurses for the DAISY Award for Extraordinary Nurses. The award is part of the DAISY Foundation's program to recognize the super-human efforts nurses perform every day.

"My clinical group are senior students but many have not had the opportunity to observe cardiac procedures such as a heart catheterization," said Floyd. "When Lee learned this, she took it upon herself to make the arrangements so the students could observe a procedure.

"Each Thursday, when I am here at McLeod Regional Medical Center with my nursing students, Lee's smiling and caring nature shines through. She makes us all feel welcomed and appreciated and for students that means a lot. A good clinical experience helps mold nursing students into caring nurses," added Floyd.

Nurses may be nominated for their strong clinical skills and the compassionate care they provide. Nomination forms are available on each nursing unit at McLeod Regional Medical Center or can be found at www.McLeodNursing.org.

McLeod Children's Hospital to Host Asthma Camp

On Saturday, May 19, McLeod Children's Hospital will host a free Asthma Camp for children ages five to 11. During the camp, children will learn how to manage their asthma through fun and interactive games. Game stations will demonstrate lung anatomy, trigger avoidance, as well as asthma medication and proper usage. Games will also teach the importance of asthma control during activities such as sports.

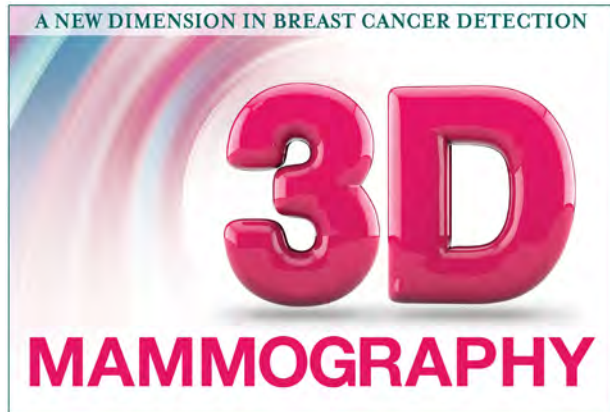

The camp also includes a parent education session conducted by a Certified Asthma Educator, focusing on asthma basics, symptom recognition, trigger avoidance, proper medication administration, and the Asthma Action Plan.

The camp will be held from 9:30 a.m. to 3:00 p.m. in the McLeod Pavilion Conference Center. Snacks and lunch will be provided.

To register for the McLeod Children's Hospital Asthma Camp, call McLeod Reservations and Scheduling at (843) 777-2095. For more information about the camp, call the McLeod Asthma Educator at (843) 777-8506.

Sponsored by the McLeod Health Foundation, the McLeod Asthma Camp is a safe environment for children, staffed by Certified Asthma Educators and experienced Pediatric Respiratory Therapists and Registered Nurses.

3D Mammography™ Now Available at McLeod Regional Medical Center and McLeod Health Dillon

McLeod Regional Medical Center in Florence and McLeod Health Dillon now offer the most accurate mammogram available – 3D Mammography™. The Genius™ 3D Mammography™ exam is revolutionizing how breast cancer is detected by providing a better option for women of all breast densities compared to 2D alone.

Breast cancer is the most commonly diagnosed cancer among women in South Carolina regardless of race. It is also the second leading cause of cancer deaths for women in the state and the leading cancer site diagnosed at McLeod Health.

Early detection significantly increases a woman's chance of survival. The National Cancer Institute recommends that women begin having annual mammograms at age 40.

If it's time for your annual mammogram, schedule your 3D Mammogram at either of the McLeod locations below by calling McLeod Reservations and Scheduling at (843) 777-2095.

McLeod Regional Medical Center
801 East Cheves Street
Florence, SC 29506

Groundbreaking Held for Occupational Health Center

From left to right: Octavia Williams-Blake, Dr. Stuart Sandler, Frank J. "Buddy" Brand, II, Dale Locklair and Jeff Singletary break ground for the McLeod Occupational Health Commerce Park located at Pee Dee Touchstone Energy Commerce City Park in Florence.

McLeod Health held a groundbreaking ceremony for McLeod Occupational Health Commerce Park on Tuesday, April 17, 2018. The ceremony was held at Pee Dee Touchstone Energy Commerce City Park in Florence.

Committed to providing excellent quality care and improving the health care of those it serves from the Midlands to the Coast, McLeod Health continues to invest in services and technology in a continuing effort to meet the medical needs of the region.

The addition of McLeod Occupational Health Commerce Park underscores this commitment by McLeod Health to provide treatment, services and health care to area businesses and industries.

The Pee Dee Touchstone Energy Commerce City Park is a Class-A commercial/industrial park at the forefront of the area's economic development advances. Situated on 705 acres at the intersection of Interstate 95 and S.C. Highway 327, the park is home to FedEx, Ruiz Foods, Performance Foodservice, Johnson Controls, Monster.com, Pepsi Cola of Florence, Pee Dee Regional Water Treatment Plant and Windy Hill Volunteer Fire Department.

McLeod Occupational Health Commerce Park is scheduled to open in early 2019.

McLeod Health Cheraw Women's Services Hosts Straight Talk Event

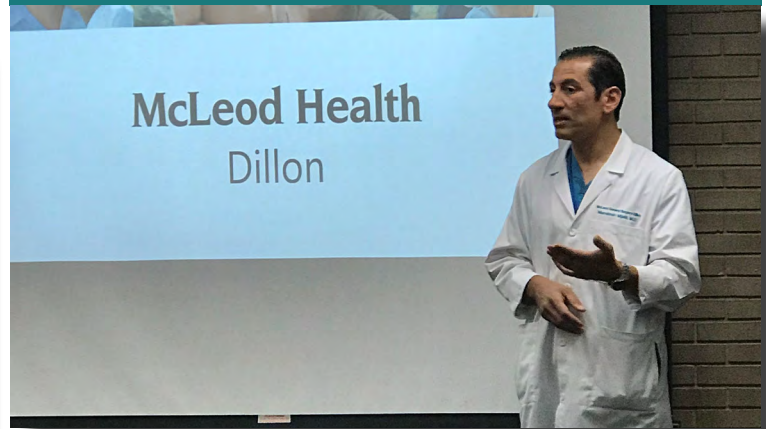

Approximately 25 women attended the "Straight Talk" event featuring Dr. Sutton Boyd of McLeod OB/GYN Cheraw.

McLeod Health Cheraw Women's Services recently hosted "Straight Talk About Women's Pelvic Health Issues" at Northeastern Technical College featuring Dr. Sutton Boyd of McLeod OB/GYN Cheraw.

During the presentation, Dr. Boyd discussed the unique health care needs and risks for women, encouraging women to maintain regular appointments with their physician. She also highlighted appropriate screenings to remember as well as common conditions affecting women such as osteoporosis, urinary incontinence, endometriosis, and more.

McLeod Health Dillon Surgeon Presents to Advisory Board

Dr. Mamdouh Mijalli of McLeod General Surgery Dillon spoke to the McLeod Health Dillon Community Advisory Board on April 27. He described common gallbladder problems as well as diagnosis and treatment options.

McLeod Health Clarendon Honors Service Awards Recipients and Volunteers

5 Years of Service: Samantha Adams, Ashlee Benton, Tracy Boykin, Jennifer Burke, Ellen Burrows, Margaret DuBose, William Dunlap, Christopher Dymond, Alyson Eastep, Shandell Gibson, Jace Goldberg, Thea Hawkins, Stephanie Hipp, Brandi Hodge, Tiffany Jones, Thomas Klvana, Charles “Mickey” Llyod, Debra Love-Ballard, Katherine Marlowe, Dr. Wilmot McCollough, Elvira McFadden, Sabrina Mellerson, Denise Melton, Amanda Moore, John Moses, Laurie Pack, Deborah Richardson, Paul Schumacher, Michele Shope, Ashley Stewart, Michael “Doug” White, Amanda Wilson, **10 Years of Service:** Betty Dukes, Maggie Harrison, Jill Hedrick, Joshlyn Kinlaw, Pat Kolb, Dawn Rowell, Stuart Smith, Abbie Tisdale, T.I. Walker, Lori Welch, **15 Years of Service:** Ashley Chandler, Rachel Gainey, Robert Graham, Timothy Hinson, Susan McElveen, Leigh Reed, Tracey Strickland, Kayla Williams, Charlene Young-Singletary, **20 Years of Service:** Johanna Wilson, **25 Years of Service:** Mary “Shelia” Dingle, Pamela Flagler, **30 Years of Service:** Loretta Benbow, Linda Sharper

On Thursday, April 19, McLeod Health Clarendon employees were recognized for their years of service during the Employee Service Awards Luncheon.

“The values of McLeod Health are demonstrated through the dedication and commitment of our employees. The Value of Caring, the Value of the Person, the Value of Quality, the Value of Integrity and our mission of providing patients with medical excellence are the foundation of our daily focus,” said Rachel Gainey, Administrator of McLeod Health Clarendon.

During the ceremony, 56 employees of McLeod Health Clarendon were honored for their contributions to the organization. Each employee was recognized for their cumulative years of dedicated service including those years of service at Clarendon Memorial Hospital. When combined, these employees have dedicated more than 525 years of caring to patients and families in Clarendon and surrounding counties.

The very special volunteers who donate their time and talents to make a difference at McLeod Health Clarendon were celebrated Friday, April 20.

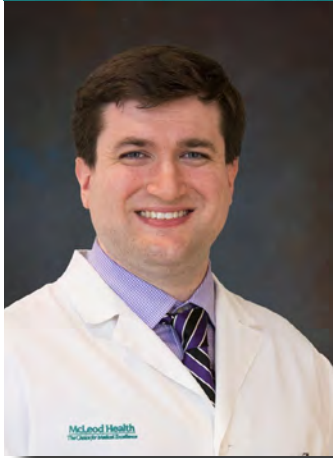

In 2017, these dedicated volunteers contributed a total of 5,459 hours to McLeod Health Clarendon. The Volunteer Services Department consists of more than 19 men and women who work in almost every facet of the organization including the information desk, transportation, outpatient rehab, surgical waiting areas, radiology, clerical duties, conducting daily patient rounds, and more.

McLeod Health Clarendon honors its volunteers annually by presenting service awards to recognize their special efforts and years of service.

Volunteers recognized included Barbara Ardis, 25 years; Mary Queen, 23 years; Mary Alice Ipock, 18 years; Betty Strange, 17 years; Pat Kerl, 16 years; Pat Mackenzie, 14 years; Ursula Horn, 11 years; Barbara Patterson, 11 years; Mary Dubose, 9 years; Louise Mozdehi, 9 years; and Johnny Junious, 5 years. Hattie Benjamin and Lynda “Jane” Carroll were named Volunteers of the Year.

McLeod Loris Offers Free Joint Replacement Dinner & Discussion

Dr. Christopher Walsh

McLeod Loris is hosting a free Dinner & Discussion on Thursday, May 17, 2018, at 6:00 p.m., at the Center for Health & Fitness.

The program will feature Orthopedic Surgeon, Dr. Christopher Walsh, of McLeod Orthopaedics Seacoast, who will discuss joint pain of the hip and knee and if a joint

replacement is the right option to improve mobility.

Just as no two patients are the same, no two joint replacement procedures are alike. Dr. Walsh and his team work closely with patients to assist them from diagnosis to treatment and recovery, to meet the needs of each patient.

The Center for Health & Fitness is located at 3207 Casey Street, Loris, S.C. For more information or to register for this event, please call (843) 390-8327. Registration is required and space is limited.

MRMC ED Groundbreaking Cont'd

Additional features of the new Emergency Department, according to Dr. Lewis, will include:

- Five dedicated resuscitation areas large enough for life-saving equipment with quick access to ambulance bays, a CT scanner, and operating rooms to serve stroke, trauma and critically ill patients.
- Larger patient rooms to accommodate family members.
- Pharmacy, Lab and Radiology located within the department for quick access.
- “Psych-safe” rooms to keep behavioral health patients safe and eight separate beds for the Psychiatric Holding Area

“This project must not be viewed as simply additional bricks and mortar to an ever growing medical system,” said Leander Crawford, a McLeod Board Trustee and Chairman of the Planning Committee. “This new Emergency Department will offer superlative care, ease of access and delivery of the highest level of treatment.”

Dale Locklair, Senior Vice President of Planning and Facilities Management, stated that the new Emergency Department, an \$89.5 million expansion project, is scheduled to open in December 2020.
