Class Descriptions

Night for Expectant Women

This class is designed for women to receive information while meeting other moms-to-be.

Childbirth Preparation

Attend one night a week for four or five weeks to learn about the stages of labor, breathing and positioning techniques, common interventions, pain management options and more. The one-day Saturday Childbirth Preparation Class covers the same topics in a condensed format for busy parents or for experienced parents who would like a refresher.

Breastfeeding

Learn about positioning, milk production, breast care, storage guidelines and going back to work.

Baby Care/Postpartum Care

Learn the basics of diapering, bathing, feeding, and safety for baby's first six weeks, and postpartum care for mom.

Child Passenger Safety Class

This class provides families with education on how to properly install the different car seats needed throughout their child life.

Family and Friends CPR

This American Heart Association course is an inexpensive alternative to CPR certification courses. While it is not a certification course, it is excellent training for parents, grandparents, and others who care for your child. **Please note: Because class sizes are small, you must pay the \$20 course fee BEFORE your place is reserved in the class. You may sign up by calling McLeod Reservations & Scheduling, but must bring, call, or mail in a payment before you can enroll in a specific class. For more information, please call the McLeod Resource Center at (843) 777-2890.**

Maternity Tour

See the maternity facilities at McLeod before you deliver. (children under 14 are not permitted on the tour)

Safe Sleep

This class provides families with education designed to decrease the risk of Sudden Infant Death Syndrome (SIDS) and accidental death of infants while sleeping. **Please note: Upon registration, a form will be sent to you which must be completed and sent back one week prior to class date.**

Maternity Education FAQ's

How much do classes cost?

If you plan to deliver your baby at McLeod Regional Medical Center, all classes except Family & Friends CPR are free of charge. Family and Friends CPR costs \$20 per person. For those who plan to deliver elsewhere, classes range from \$35 for Childbirth Preparation to \$15 for the other classes.

How do I register for classes?

Call McLeod Reservations and Scheduling at (843) 777 - 2005. If you have questions about any of the classes, please call (843) 777 - 2890. Your place for Family & Friends CPR will not be reserved until your class fee is paid to the McLeod Resource Center.

Should my partner come to the classes?

We encourage both parents to attend all the classes whenever possible. All classes address the concerns and responsibilities of both parents.

When should I begin taking classes?

We recommend that you begin taking classes early in your third trimester. If you are carrying multiples, or if your doctor has indicated you may be at risk for early labor or bedrest, you may want to take the classes earlier rather than later. Here is a general guideline:

Your Due Date:	Begin Classes:
April	January - February
May	February - March
June	March - April
July	April - May
August	May - June
September	June - July
October	July - August
November	August - September
December	September - October
January	October - November
February	November - December
March	December - January
